

NEOTECH

COMPOSITES

Strength in Composites. Excellence in Performance.

ABOUT US

Neotech Composites is a dynamic and innovation-driven firm specializing in high-performance FRP and non-metallic industrial equipment, along with modern prefab structures. Based in Surat, Gujarat, we deliver reliable, cost-effective, and long-lasting corrosion-resistant solutions to industries across India and globally—especially in Gulf and African markets.

Founded with a commitment to quality, engineering excellence, and customer satisfaction, **Neotech Composites** serves industrial, commercial, government, and export-oriented projects with a strong focus on chemical resistance, durability, and lifecycle performance.

VISION

To become a globally trusted provider of FRP and non-metallic industrial solutions by delivering engineering excellence, innovation, and unmatched service across sectors.

MISSION

To deliver world-class FRP and non-metallic equipment with superior strength and chemical resistance, provide modern prefab solutions for industries and government bodies, and grow globally through quality, compliance, timely execution, and long-term client trust.

CORE VALUES

**QUALITY
FIRST**

INNOVATION

INTEGRITY

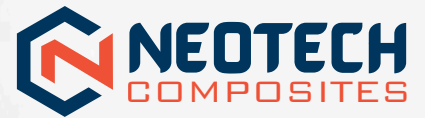

**CUSTOMER
FOCUS**

SUSTAINABILITY

PRODUCT & SERVICE

We offer a comprehensive range of non-metallic industrial equipment and prefab solutions.

INDUSTRIAL PIPING SYSTEMS AND FITTINGS

STORAGE TANKS AND VESSELS

PROCESS EQUIPMENT AND REACTORS

SCRUBBER SYSTEMS

DUCTING SYSTEMS

GRATINGS AND CABLE TRAYS

FRP MODULAR TOILET & URINAL BLOCK

FRP SITE CABIN & STORAGE UNIT

FRP SECURITY CABINS

MATERIALS WE DEAL IN

FRP / GRP, PP, PVC, UPVC, CPVC, PPH, PVDF, HDPE, PPRC, PPGL AND OTHER ENGINEERED THERMOPLASTICS AS PER APPLICATION REQUIREMENTS

GOVERNMENT TENDER SOLUTIONS

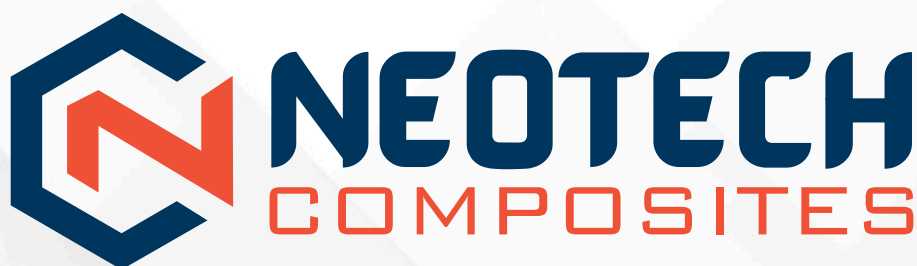

We actively participate in central and state government tenders related to public sanitation, smart city projects, industrial non-metallic systems, water treatment infrastructure, and utility cabins.

EXPORT SERVICES

We supply and export non-metallic industrial equipment, FRP tanks, scrubbers, piping systems, and modular cabins to Gulf and African countries, ensuring international standards, proper documentation, and safe logistics.

INDUSTRIES WE SERVE

Chemical & Petrochemical | Pharmaceuticals | Oil & Gas | Water Treatment
Power Plants | Food & Beverages | Textiles & Dyes | Infrastructure
Government & Public Sector | Marine & Ports

Strength in Composites. Excellence in Performance.
