

NEOTECH COMPOSITES

Strength in Composites. Excellence in Performance.

ABOUT US

Neotech Composites is a Surat-based manufacturer specializing in FRP and non-metallic products for municipal, infrastructure, industrial, and public utility applications. We provide durable, corrosion-resistant, lightweight, and low-maintenance solutions designed to meet the demanding requirements of urban infrastructure and government projects.

Our products are widely used in municipal corporations, smart city developments, water & sanitation projects, drainage systems, public utilities, and infrastructure upgrades across Gujarat and India. With proven expertise in FRP, PP, HDPE, and engineered thermoplastics, we support municipalities with long-life solutions that reduce lifecycle costs and improve operational efficiency.

VISION

To become a globally trusted provider of FRP and non-metallic industrial solutions by delivering engineering excellence, innovation, and unmatched service across sectors.

MISSION

To deliver world-class FRP and non-metallic equipment with superior strength and chemical resistance, provide modern prefab solutions for industries and government bodies, and grow globally through quality, compliance, timely execution, and long-term client trust.

CORE VALUES

**QUALITY
FIRST**

INNOVATION

INTEGRITY

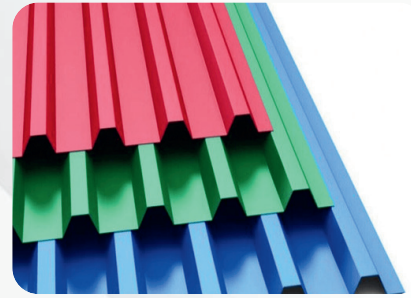

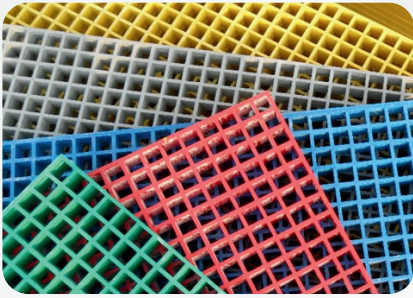

**CUSTOMER
FOCUS**

SUSTAINABILITY

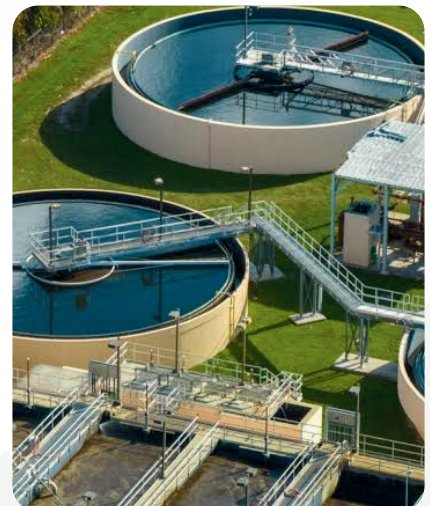

MATERIALS WE WORK WITH

- FRP / GRP
- PVC
- CPVC
- PVDF
- PPRC
- Other Engineered Thermoplastics As Per Application Requirements
- PP
- UPVC
- PPH
- HDPE
- PPGL &

WHY MUNICIPALITIES CHOOSE NEOTECH COMPOSITES

- Corrosion-Free Solutions
- Reduced Maintenance Cost
- Proven Performance In Public Infrastructure
- Long Service Life
- Suitable For Indian Climatic Conditions

FRP WATER STORAGE TANKS

APPLICATIONS

- Municipal Water Storage
- Overhead & Underground Tanks
- Fire Water Storage
- Treated Water & Utility Water Storage

BENEFITS

- Corrosion & UV Resistant
- Long Service Life
- Leak-Proof Construction
- Low Maintenance

PP WATER STORAGE TANKS

APPLICATIONS

- Drinking Water Storage For Residential Use
- Chemical And Pharmaceutical Water Storage
- Laboratory And Hospital Water Storage
- Food And Beverage Process Water Storage
- Industrial Utility Water Storage

BENEFITS

- Excellent Chemical And Acid Resistance
- Non-Toxic And Safe For Potable Water
- Lightweight And Easy To Install
- Smooth Surface Preventing Bacterial Growth
- Cost-Effective And Durable

HDPE WATER STORAGE TANKS

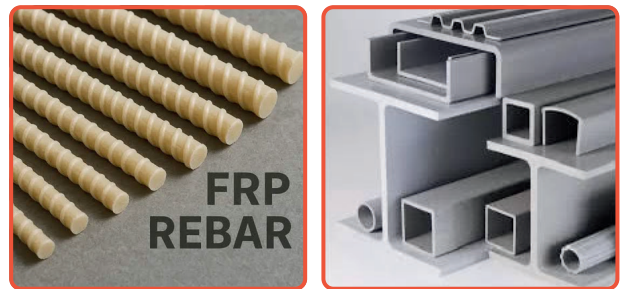

APPLICATIONS

- Domestic And Commercial Water Storage
- Agricultural And Irrigation Water Storage
- Rainwater Harvesting Systems
- Industrial Water And Wastewater Storage
- Chemical And Process Water Storage

BENEFITS

- High Impact And Crack Resistance
- UV Stabilized For Long Outdoor Life
- Leak-Proof And Flexible Construction
- Corrosion And Rust Free Material
- Low Maintenance With Long Service Life

FRP RODS, FRP I-BEAMS & FRP C-CHANNELS

APPLICATIONS

- Used for support structures in chemical plants and factories.
- Ideal for walkways, platforms, staircases, and pipe supports.
- Widely used in water treatment plants, drainage systems, and municipal projects.
- Suitable for coastal, outdoor, and corrosive environments.

BENEFITS

- Completely corrosion and rust resistant.
- Strong yet lightweight, easy to install.
- Non-conductive and safe for electrical areas.
- Long life with very low maintenance.

FRP MANHOLE COVERS

APPLICATIONS

- Sewer Lines
- Drainage Chambers
- Underground Utility Access

BENEFITS

- Theft-Proof & Non-Metallic
- High Load-Bearing Capacity
- Non-Corrosive & Lightweight

FRP DRAIN COVERS

APPLICATIONS

- Roadside Drainage
- Open Drains In Residential & Industrial Zones

BENEFITS

- Lightweight Yet Strong
- Weather & Chemical Resistant
- Safe For Pedestrian & Vehicular Areas

FRP MOULDED GRATINGS

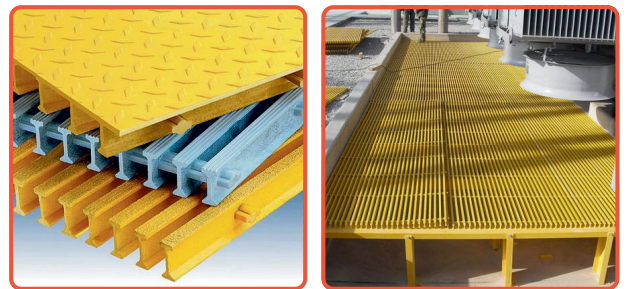

APPLICATIONS

- Storm Water Drains
- Walkways & Platforms
- STP & WTP Areas

BENEFITS

- Anti-Slip Surface
- High Corrosion Resistance
- Easy Installation

FRP PULTRUDED GRATINGS

APPLICATIONS

- Heavy-Load Drainage Covers
- Industrial & Municipal Access Platforms

BENEFITS

- High Structural Strength
- Long Span Capability
- Excellent Load Performance

FRP PIPES & FITTINGS

APPLICATIONS

- Drainage & Sewer Networks
- Water Treatment Plants
- Utility Pipelines

BENEFITS

- Smooth Internal Surface
- Chemical & Corrosion Resistant
- Long Operational Life

HDPE PIPES & FITTINGS

APPLICATIONS

- Water supply pipelines
- Sewer & drainage lines
- Underground utilities

BENEFITS

- Flexible & leak-proof
- High impact resistance
- Long-term reliability

FRP CABINS / GUARD ROOMS

APPLICATIONS

- Security cabins
- Entry checkpoints
- Municipal utility sites

BENEFITS

- Ready-to-install
- Weather resistant
- Low maintenance

PRE-FABRICATED FRP TOILETS

APPLICATIONS

- Public Sanitation Facilities
- Bus Stops, Parks & Public Areas

BENEFITS

- Hygienic & durable
- Easy relocation
- Ideal for Swachh Bharat initiatives

URINAL BLOCKS

APPLICATIONS

- High-Footfall Public Areas
- Markets, Bus Terminals, Parks

BENEFITS

- Water-Efficient Design
- Easy Cleaning
- Durable FRP Construction

FRP SEPTIC TANKS

APPLICATIONS

- Residential & Municipal Sewage Management
- Decentralized Sanitation Systems

BENEFITS

- Leak-proof
- Corrosion resistant
- Long service life

FRP SOAK PITS

APPLICATIONS

- Wastewater Percolation
- Drainage Management

BENEFITS

- High Strength
- Easy Installation
- Long-Term Reliability

FRP METER BOXES

APPLICATIONS

- Water & electrical meters
- Utility protection

BENEFITS

- Weatherproof
- Theft-resistant
- Non-corrosive

FRP JUNCTION BOXES

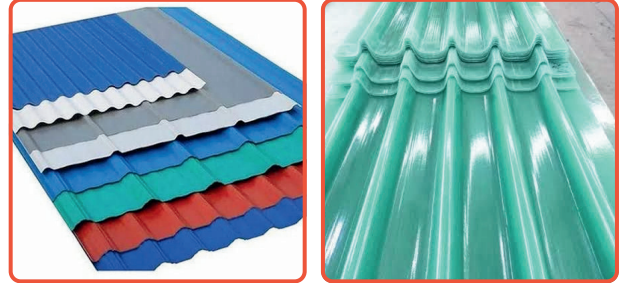

APPLICATIONS

- Electrical & Telecom Junctions
- Utility Networks

BENEFITS

- Insulated & Safe
- Durable Construction
- Suitable For Outdoor Use

FRP ROOFING SHEETS

APPLICATIONS

- Bus Stops
- Utility Sheds
- Public Structures

BENEFITS

- Leak-proof
- Corrosion resistant
- Long service life

FRP CANOPIES

APPLICATIONS

- Walkway Covers
- Parking Areas
- Public Entrances

BENEFITS

- Customizable Design
- Weather Resistant
- Low Maintenance

FRP STAIRCASES

APPLICATIONS

- Utility Structures
- STP/WTP Facilities
- Municipal Buildings

BENEFITS

- Anti-Slip
- Corrosion Resistant
- Strong & Durable

FRP HANDRAILS

APPLICATIONS

- Walkways
- Bridges
- Public Safety Areas

BENEFITS

- Non-Conductive
- Weather Resistant
- Long Service Life

FRP DOORS

APPLICATIONS

- Toilets
- Utility rooms
- Municipal buildings

BENEFITS

- Waterproof
- Termite & Corrosion Resistant

FRP PARTITIONS / PANELS

APPLICATIONS

- Public Toilets
- Office Partitions
- Utility Enclosures

BENEFITS

- Easy installation
- Hygienic surface
- Durable

PREFABRICATED OFFICES SITE CABINS

APPLICATIONS

- Municipal Project Offices
- Site Supervision Cabins

BENEFITS

- Fast Deployment
- Portable & Reusable
- Professional Finish

GOVERNMENT TENDER SOLUTIONS

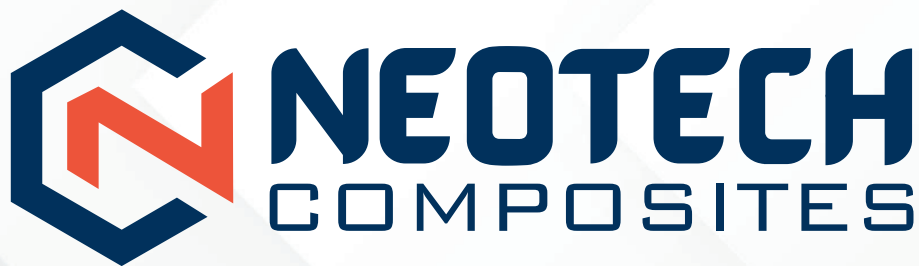

We actively participate in central and state government tenders related to public sanitation, smart city projects, industrial non-metallic systems, water treatment infrastructure, and utility cabins.

EXPORT SERVICES

We supply and export non-metallic industrial equipment, FRP tanks, scrubbers, piping systems, and modular cabins to Gulf and African countries, ensuring international standards, proper documentation, and safe logistics.

INDUSTRIES WE SERVE

Chemical & Petrochemical | Pharmaceuticals | Oil & Gas | Water Treatment
Power Plants | Food & Beverages | Textiles & Dyes | Infrastructure
Government & Public Sector | Marine & Ports

Strength in Composites. Excellence in Performance.
